Re: FOIP Requests

Further to our letter of December 20, 2013, a copy of which is attached here for your reference. At the time of our previous correspondence, we had anticipated that we would be in a position to more formally respond by January 31, 2014. It has now become apparent that the search at hand is even more voluminous than previously anticipated, and we do not expect to be able to provide a fully compliant response before the end of the month. We would anticipate providing a full response no later than February 28, 2014.

We thank you in advance for your patience in this regard.

Sincerely,

Martine Smith
